

SOGEVINUS - FINE WINES, S.A.

Att: Ex.mo. Mr. Engineer Carlos Alves

DECLARATION

For all purposes, it is hereby declared that **EUROFINS FOOD TESTING LISBOA, UNIPessoal, LDA** received in its laboratory on 26/01/2022, 9 samples of Port wine from SOGEVINUS. These samples were identified with the numbers 323-2022-00002047 to 323-2022-00002055, for which the attached analytical reports were issued.

The samples were analyzed at the Eurofins Analytics France Laboratory (Nantes) accredited by Standard **EN ISO 17025 - COFRAC ESSAIS** (Accred. List.on www.cofrac.fr)1-0287).

The accredited test carried out on these samples - isotopic analysis - aimed to verify the authenticity regarding the origin of the product, both geographically and in terms of wine.

The results obtained in all analyzed samples prove the authenticity of the samples received both in terms of their geographical origin and their wine origin, and no evidence of synthetic alcohol was found.
